

## 6 Week Follow Up

The following questions are designed to allow new volunteers an opportunity to evaluate SoHills Kids as well as tell us how they're doing. These questions can be asked in your 6 week follow up meeting or emailed in advance, and discussed at the meeting.

How are you?

What aspects of your role energize you?

What aspects of your role drain you?

Does anything we do not make sense or seem off purpose to you?

What surprised, positively or negatively, when you first started serving?

What training would you like to have?

What challenges are you facing personally or in your role?

How can I help you?

How can I pray for you specifically?
